IMPRESSA XJ9 Professional

IMPRESSA XJ9 Professional Technical overview

Specific advantages

Latte macchiato / Cappuccino at the touch of a button	1
No. of individually programmable specialities	11
Intelligent Fresh Water System (I.F.W.S.®)	■
Multi-level Aroma+ grinder	■
Hot water system	0.24 l / Min.
Powder recognition for additional ground coffee variety	■
Remaining time display	■
Connector System®	■
Automatic milk rinse	■

JURA standards

Variable brewing chamber, from 5 g to 16 g	■
Intelligent Pre-Brew Aroma System (I.P.B.A.S.®)	■
Intelligent preheating	■
Active bean monitoring	■
Energy Save Mode (E.S.M.®)	■
High-performance pump, 15 bar	1
Thermoblock heating system	1
Fluid system	1
Monitored drip tray	■
Integrated rinsing, cleaning and descaling programme	■
Adjustable water hardness	■
One or two cups of espresso in one brewing operation	■
JURA hygiene: TÜV-certified	■
CLARIS filter cartridge	CLARIS Pro Blue
Zero-Energy Switch or power switch	■
Swiss made	■

Settings and programming options

Programmable and individually adjustable amount of water	■
Programmable and individually adjustable coffee strength	5 levels
Programmable brewing temperature	2 levels
Programmable amount of milk	■
Programmable hot water temperature	3 levels
Programmable amount of hot water	■
Rotary Switch for intuitive navigation	■
Resettable day counter	■

Shows the number of preparations for each individual product	■
Integrated milk system rinsing and cleaning programme	■

Design and materials

TFT colour display	■
Amber / White cup illumination	■
Powder chute for second, ground coffee	■
Sound design	■

In figures

Height-adjustable coffee spout	65 – 111 mm
Width-adjustable coffee spout	20 – 50 mm
Height-adjustable cappuccino spout	110 – 153 mm
Water tank capacity	4 l
Coffee grounds container (servings)	approx. 40
Bean container with aroma preservation cover	500 g
Cable length	approx. 1.1 m
Voltage	220 – 240 V ~/10 A
Power	1450 W
Weight	13 kg
Stand-by power	< 0.1 W
Dimensions (W × H × D)	34 × 50 × 44 cm
Article number / colour	13707 / Brilliant silver
EAN-Code	7610917137077

IMPRESSA XJ9 Professional

Perfectly designed, right down to the latte macchiato

Benefits

- Cappuccino/latte macchiato at the touch of a button
- Fine foam technology
- 3.5" TFT colour display
- Clear design with elegant finish

Accessories

- Cup Warmer
- Professional accessory drawer
- Cool Control
- Milk Cooler Piccolo
- Intelligent Fresh Water System
- Coffee grounds disposal/drip drain set XJ
- Compact Payment Box
- Coffee to Go equipment

The IMPRESSA XJ9 Professional cuts an outstanding figure where the quality of the drinks served is just as important as aesthetics in architecture, ambience and design. It creates perfect latte macchiato, cappuccino, café crème, espresso and ristretto at the touch of a button. Meanwhile, the clear and symmetrical design, sophisticated chrome-plated bean container and brilliant silver finish add a touch of charisma.

Technologies

With the One-Touch Cappuccino/Latte macchiato function, you can prepare speciality coffees topped with milk and milk foam at simply the touch of a button. Thanks to the height-adjustable spout, the function can be used with both small designer cups as well as cups or glasses with a height of up to 150 mm. The new fine foam technology creates milk foam with a fine, feather-light consistency. A 3.5 inch TFT colour display is the key to the machine's intuitive operating concept.

Cleaning/Hygiene

As well as being easy to operate and programme, the machine is designed to be very easy to care for. The integrated rinsing, cleaning and descaling programmes reduce the effort involved to a minimum and guarantee TÜV-certified hygiene.

Customisable

With a wide selection of accessories including a Compact Payment Box, cup warmer, Intelligent Fresh Water Kit, Coffee grounds disposal/drip drain set XJ and an attractive range of storage and presentation units, it is possible to create a complete coffee solution tailored to your specific requirements.

Intelligent Fresh Water System

The Intelligent Fresh Water System (I.F.W.S.®) is needed to use the unique Intelligent Fresh Water Kit. This latest-generation, smart permanent water connection supplies fresh water for a superior quality coffee every time. Because it can be fully integrated in the coffee machine, it requires no extra space. Combined with an upstream CLARIS water-filtering system, it provides optimum protection against limescale and supplies the best quality water.

SWISS MADE
