Fluid system	2
Monitored drip tray	■
Integrated rinsing, cleaning and descaling programme	■
Adjustable water hardness	■
One or two cups of espresso in one brewing operation	■
JURA hygiene: TÜV-certified	■
CLARIS filter cartridge	CLARIS White
Zero-Energy Switch or power switch	■
Swiss made	■

Settings and programming

Programmable and individually adjustable amount of water	■
Programmable and individually adjustable coffee strength	4 levels
Programmable brewing temperature	2 levels
Programmable amount of milk	■
Programmable temperature of hot water	3 levels
Programmable amount of hot water	■
Rotary Switch for intuitive navigation	■
Resettable day counter	■
Shows the number of preparations for each individual product	■
Integrated milk system rinsing and cleaning programme	■

Design and materials

Clear text / graphic display	■
Amber / White cup illumination	■
Powder chute for second, ground coffee	■
Sound design	■

In figures

Height-adjustable coffee spout	66 – 146 mm
Height-adjustable hot water spout	66 – 146 mm
Cappuccino spout	120 mm
Water tank capacity	5.7 l
Coffee grounds container	max. 40
Bean container with aroma preservation cover	260 g
Bean container can be optionally extended to	730 g
Cable length	approx. 1.1 m
Voltage	220 – 240 V ~
Current	10 A
Power	1350 W
Stand-by power	< 0.1 W
Weight	13.8 kg
Dimensions (W × H × D)	41 × 47 × 39 cm
Article number / colour	13725 / Black
EAN-Code	7610917137251

IMPRESSA XS9 Classic

Proven, coveted, durable

Benefits

- Latte macchiato and cappuccino at the touch of a button
- Simple and intuitive navigation
- Aroma+ grinder now twice as fast
- Two cups in one brewing operation

Accessories

- Cup Warmer
- Cool Control
- Milk Cooler Piccolo
- Coffee to Go equipment
- Compact Payment Box

Mention the word 'coffee' today and people no longer think of just espresso or milk coffee but also popular favourites like latte macchiato or cappuccino. A trend that now extends itself to boutiques, offices and the catering sector. So the fact the IMPRESSA XS9 Classic produces no fewer than twelve different coffee types – including latte macchiato – at the touch of a button is welcome news. And thanks to its compact dimensions and lightweight (13.6 kg), the machine delivers the mobility we associate with JURA.

Design

From the start it was clear that the design of the machine would have to reflect the quality and characteristics of our freshly prepared coffee specialities. Controls such as the selector with backlit pictograms, the Rotary Switch or the graphics display are not only eye-catching optical highlights but also an immense aid to navigation from the word 'go', not mention to the illuminating light for your coffee preparation.

Ecological intelligence

The IMPRESSA XS9 Classic helps relieve the strain on the environment and your budget. Thanks to Energy Save Mode (E.S.M.®) the machine uses up to 40% less energy and, if you so wish, switches automatically to standby mode after a certain time.

One-Touch technology

For most of us, enjoying a well-made cup of coffee is one of life's daily pleasures. With the unique One-Touch technology by JURA even speciality coffees with milk are no longer time-consuming. The IMPRESSA XS9 Classic delivers cappuccino or latte macchiato at the touch of a button, with no need to move the cup.

An all-round coffee solution

Using optional modules such as the Cup Warmer, with a matching milk cooler or an accounting interface, the machine can be upgraded into an all-round coffee solution or optimized for self-service areas. Even people with little or no experience of coffee machines will find it a snap to operate because the controls are intuitive and easy to understand. The programming buttons are concealed discreetly behind a flap. And if circumstances require, these can even be blocked to only be accessible to specific users.

SWISS  MADE

Areas of use

- Office
- Barista bars
- Factories
- Coffee-Lounge
- Catering

Recommended maximum daily output 60 cups
